of the program
- ✓ 5,538 providers have completed Stage 2
Meaningful Use!

Annual Data Tool Measure Analysis

Annual Data Tool Measure Analysis

Strategic Planning

1. Focus on environmental scans and what remains to be done by 2021
2. Health Information Exchange embedded in delivery system reform

Leveraging Data

1. Showcasing impact
2. Utilizing CMS and state level data
3. Health IT Analytics within the Medicaid Enterprise

ROI for HIE

1. Creating value for providers
2. Industry standards/Pressure
3. HIE as another form of incentive

HIE Policy Levers

- 1115 waivers (Medicaid ACOs etc that rely upon HIT/E)
- Health Home SPAs
- Medicaid Managed Care
- HCBS Waivers
